

MODEL 5100
SLIDING
PATIO DOOR

HEAVY-DUTY, EASY-GLIDE DOOR

Enhance your home
WITH THE
BEAUTY OF NATURAL LIGHT

 GENTEK®

MODEL 5100

SLIDING PATIO DOORS

Designed with exceptional style and performance in mind, the Gentek 5100 patio door is an excellent choice for your home. Its heavy-duty construction begins with a fully fusion-welded frame and metal-reinforced sashes. The generous glass area enhances your interior with natural light and warmth, while precision-engineered insulating components create an effective thermal barrier against energy loss. Built for constant wear and tear, the Gentek 5100 promises classic good looks and easy-glide operation for years to come.

PERFORMANCE BY DESIGN

- 1 Durable, solid vinyl mainframe and sashes won't chip, peel, crack or warp. Premium vinyl resin is colored all the way through to ensure lasting beauty.
- 2 Protective weatherstripping at jambs, header and sill for thermal efficiency.
- 3 Weatherstripping in extra-deep integral interlocks at meeting stiles provides insulation and helps block air infiltration.
- 4 Metal-reinforced vertical sash components add strength and durability.
- 5 Insulated glass unit* with the Intercept® Warm-Edge Spacer System promotes energy conservation year-round.
- 6 Heavy-duty dual adjustable steel wheels with steel ball bearings allow effortless operation and movement of the door panel.

ADDITIONAL FEATURES

- Fully fusion-welded mainframe and sashes for outstanding structural integrity and strength.
- Durable fiberglass screen with aluminum frame features an adjustable independent wheel system in all four corners.
- Available in a 2-lite style in 5', 6' and 8' widths, and a 3-lite style in a 9' width. Height is standard at 79-1/2". Custom sizes are available.
- Choose a White or Beige door with left or right moving panel.
- Backed by a lifetime limited warranty** for added peace of mind.

PATIO DOOR OPTIONS

- BarrierXP® insulating glass package options featuring Low-E glass with argon gas and the Intercept Warm-Edge Spacer System for greater energy efficiency.† Many BarrierXP insulating glass packages meet the latest ENERGY STAR® requirements. Consult your sales representative for the ideal glass package required for your home and climate zone.
- Interior ventilation foot lock allows limited opening of the door for airflow.
- Keyed exterior lock offers convenient access from outside the home.
- Brass interior handset for added beauty and visual appeal.
- Decorative grids in flat and contoured styles positioned between the panes of glass for easy cleaning.
- V-grooved glass for a subtle touch of elegance.
