

VINYL SOFFIT

Quality Soffit Systems

Versatile Style, Exceptional Performance

Rooflines, gables and trim areas command extra attention when adding visual interest and dimension to the architecture of a home. At the same time, these important areas require proper ventilation to allow moisture to escape from the eaves and rafters.

House shown with Monterey Sand soffit.

Gentek offers four distinctive soffit systems to meet every application need. Sequoia Select, Oxford and Fairweather solid soffit panels also install beautifully as vertical siding for greater design options.

Sequoia Select® Ultra-Premium This superbly crafted triple 4" soffit will give your home a striking finish with its luxurious matte texture, heavy-duty .044" panel thickness (nominal) and hidden vent design.

Beaded Premium Beaded Premium features a sculpted bead, recessed vents and elegant matte texture to recreate the handcrafted look of Victorian center-bead board. Vent openings in the .042" thick panel (nominal) are concealed in the two center-beads for a clean appearance.

Oxford® Premium Oxford presents an ample measure of style and substance in a double 5" profile. Its durable .042" panel thickness (nominal) enhanced with a light roughsawn texture will complement a variety of architecture.

Fairweather® Quality-crafted with a brushed texture, Fairweather soffit provides an easy-care finish in an attractive, economical .040" thick panel (nominal).

COLOR DEFINES THE DESIGN

Gentek colors keep personal style in mind. Deep, saturated palettes in cool neutrals and bold shades, along with light-changing grays and softer hues, will transform the appearance of your home with artisan style.

Classic Colors

Snow White	Monterey Sand	Pearl
Linen	Wicker	Dover Gray
Sandstone	Canyon Clay	Sage
Maize	Pebble	Juniper Grove
Almond

Featuring richer, darker colors fortified with ChromaTrue® fade-defying technology, Gentek vinyl soffit carries a lifetime limited warranty against fading. See printed warranty for complete details.

COLOR MATCHING MADE SIMPLE

No need to settle for siding and trim that "almost match." Our Color Clear Through® collection of customer-preferred hues helps ensure a beautiful color match with other Gentek siding, trim and accessory products.

BUILD BEAUTIFULLY

Elevate your home to a whole new level of beauty and performance with everyday ease. Gentek vinyl soffit expertly blends eye-catching elements of design with the modern practicality of simple upkeep.

Built weather-tough, Gentek soffit will protect the hard-to-reach areas of your home with a resilient finish that never needs to be painted. Choose solid and vented profiles to create the ideal soffit system for your home.

LAUNCH YOUR NEW LOOK

Whether you want to just refresh or press the reset button – one of the most difficult aspects of home remodeling is choosing colors. How will the new products and colors look on your home?

The Gentek Visualizer takes the guesswork out of the design process. This easy web-based design tool lets you instantly create a variety of exterior designs with options for siding, trim, roofing, front door paint, exterior window colors and more.

- Design-ready with a gallery of house images; access it from any device and start designing.
- Upload a photo of your home and our AI technology will instantly prepare your image so you can quickly visualize Gentek products and colors on your home. Or, submit your home photo and our professional design team will prep the photo for you.
- Products, profiles and colors applied in each design make it easy to compare.

Visit gentekusa.renoworks.com to get started with this exciting design tool! And check out gentekbuildingproducts.com/blog for creative inspiration, renovation tips and more.

A WORD ABOUT QUALITY

Gentek delivers the confidence and value only a true leader can provide. We proudly stand behind our products with the full faith of our more than 55 years of manufacturing expertise and some of the strongest warranties in the industry. Our voluntary participation in rigorous quality certifications and independent testing is further assurance you have made an excellent selection for your home.

A MORE SUSTAINABLE CHOICE

The home that protects you can also help protect the environment. As a durable product with a long service life, vinyl soffit panels such as those manufactured by Gentek have been shown in a cradle-to-grave Life Cycle Assessment study commissioned by the Polymeric Exterior Products Association (formerly the Vinyl Siding Institute) to have a smaller environmental footprint relative to competing materials.¹ And because it never needs to be painted, vinyl soffit also helps prevent paint, stain and other maintenance-related products from being released to the environment.

A LIFETIME OF PROTECTION

Gentek vinyl soffit systems are backed by a lifetime limited, non-prorated, transferable warranty with hail protection and lifetime fade coverage. For complete warranty information, including limitations, ask your dealer for a copy of the Gentek vinyl soffit warranty.²

INDEPENDENTLY TESTED

As tested in an independent program sponsored by the Polymeric Exterior Products Association, select Gentek solid vinyl soffit panels have earned ASTM D3679 certification, the industry's highest standard for quality.

Pertains to Sequoia Select, Oxford and Fairweather solid soffit used as vertical siding; excludes the color Pebble in Sequoia Select and Fairweather. Certification does not pertain to Beaded Premium soffit.

Consult the PEPA website at www.polymericexteriors.org for a current list of certified products.

DETAILS THAT MAKE THE DIFFERENCE

Accentuate the architecture of your home with TrimEssentials by Gentek® exterior trim and accessories. Exquisitely crafted window and door surrounds, fluted lineals, corner posts and other accents – as well as decorative shakes and scallops – will give your home personality and style.
