

STEELTEK™ SUPREME

SEAMLESS STEEL COIL WITH KYNAR® PVDF

ENDURING QUALITY, IMPRESSIVE STRENGTH

SUPERIOR BEAUTY AND PROTECTION FOR YOUR HOME

Innovation and design excellence take the lead with SteelTek Supreme Seamless Steel Coil. Constructed of Galvalume® AZ-50 steel, this premium coil combines the strength of steel with the rust-inhibiting advantages of aluminum and zinc for exceptional appearance and performance. Enduring quality is further assured with Kynar PVDF technology – a resilient fluoropolymer resin-based coating that protects the steel core with a luxurious finish. Known for its strength and abrasion resistance, Kynar PVDF is a superb coating technology for metal siding.

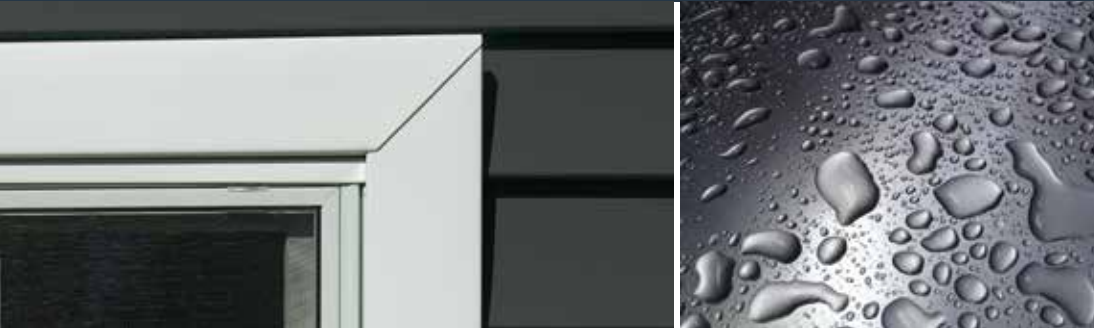

STEELTEK™ SUPREME

SEAMLESS STEEL COIL WITH KYNAR® PVDF

With SteelTek Supreme Seamless Steel Coil, it's what you **don't see** that elevates the beauty of a home: there are no seams or overlaps. The continuous coil length allows each piece to be formed and custom cut to the specification of the home's architecture, creating a beautifully uniform appearance without unsightly seams that can accumulate dirt and debris or weaken the structural integrity.

PRECISION-ENGINEERED FOR EXCEPTIONAL PERFORMANCE

SteelTek Supreme Seamless Steel Coil is the champion of style and strength. The heavy-duty steel construction is performance-engineered to ensure excellent quality with consistent color and texture throughout. Built weather-tough, the coil also is corrosion-resistant and won't rot, split, crack or absorb moisture – letting you achieve custom elegance that's beautifully detailed and virtually maintenance-free.

- Premium Galvalume steel creates smooth, uniform lines for an upscale appearance
- Rigid steel provides high dimensional stability and resists effects from extreme changes in temperatures
- Never needs to be painted
- 100% recyclable!¹

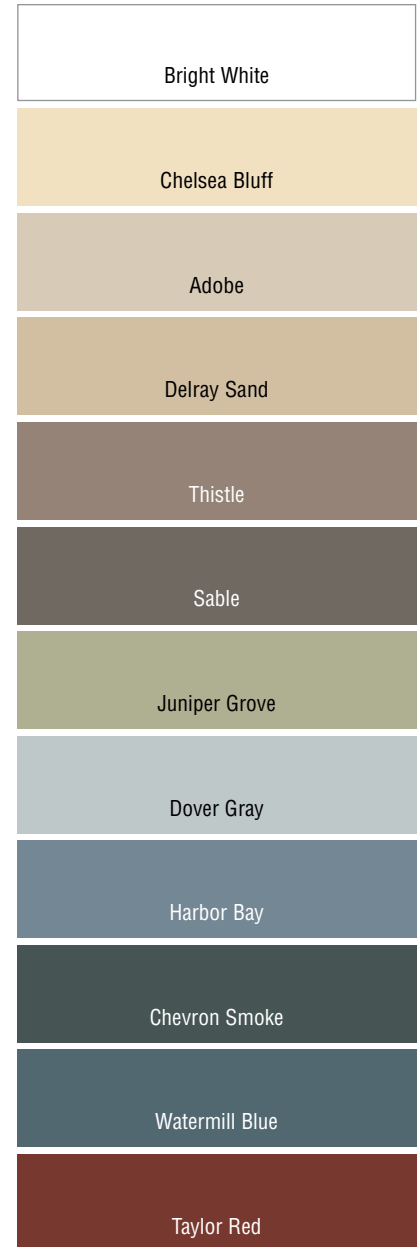

RESILIENT KYNAR PVDF COATING SYSTEM

The power of Kynar PVDF stands clear in its superior resistance to the challenges of nature and time. Protecting and preserving the steel core, this proprietary coating creates a low-gloss finish that resists fading, cracking, peeling and more.

- Resists chalking, color change and abrasion
- Outstanding resistance to UV rays; fluorinated polymer pigments keep colors true
- Beautiful, strong, low-gloss finish with superior scratch resistance
- High-performance coating helps block water penetration, discouraging mold and mildew growth
- Long-lasting finish requires minimal upkeep; simply rinse with a garden hose to remove most airborne dust and dirt

Color Palette

TAKE A CLOSER LOOK AT THE QUALITY DISTINCTIONS!

SteelTek Supreme Seamless Steel Coil with Kynar PVDF	
Construction	Heavy-duty Galvalume AZ-50 steel
Durability	Ultra-resilient Kynar PVDF coating
Chalk and Fade Resistance	Specially formulated for color retention
Mold/Mildew Resistance	Kynar PVDF formula does not support mildew growth
Beauty and Appearance	Continuous coil creates a custom, seamless finish
