OUR PATIO DOORS — YOUR PEACE OF MIND

Visually exciting and powerfully built, Gentek patio doors will dramatically heighten the style and comfort of your home. Equally important, they will deliver true peace of mind that you have chosen a high-performance door from a respected manufacturer. Pride in our products and American craftsmanship are at the heart of our commitment to quality. It's what makes our doors among the best in the industry and our service second to none.

Gentek patio doors are precision-built and backed by decades of manufacturing expertise. Engineering, innovation, rigorous testing and stringent quality control are just a few ways that we turn cutting-edge technology into superior products and satisfied customers. When you choose a Gentek patio door for your home, you can be assured of the highest levels of performance, beauty and value.

SANCTUARY®

SLIDING PATIO DOOR COLLECTION

Our Sanctuary sliding patio door captures the essence of superb craftsmanship in three distinctive styles: Contemporary, Classic and French. Each door in this handsome collection masterfully pairs artistic detail with a powerfully protective construction for unmatched quality and performance. You'll also appreciate the infusion of natural sunlight and the ambiance of an expanded living area offered by this exceptional patio door.

SUPERIOR DESIGN AND CONSTRUCTION

Expertly crafted with a premium vinyl construction, energy-efficient insulating components* and high-performance glass, Sanctuary presents the pinnacle of design excellence. The heavy-duty mainframe and sash, multichambered extrusions and steel-reinforced interlocking meeting rails provide superior structural integrity and durability, as well as increased performance. Dual internal/external weatherstripping, compression bulb seal, closed-cell foam gaskets and a 1" thick (nominal) insulated glass unit** with a Quanex® Super Spacer® structural foam spacer system also contribute to thermal efficiency.

Smooth gliding action is assured with a precision-engineered tandem roller system. The handsome yet rugged aluminum screen also features four adjustable rollers for easy and reliable operation year after year.

GET THE BARRIERXP® ADVANTAGE

You might think of glass as being fragile, yet it's one of the most powerful elements in achieving outstanding thermal efficiency. Every Sanctuary patio door comes standard with our BarrierXP Plus insulating glass package can further promote energy conservation year-round. BarrierXP Plus combines multilayer low-emissivity (Low-E) glass and argon gas along with a Super Spacer® structural foam spacer system to fortify the energy efficiency of the glass unit.

Low-E glass features a virtually clear, metallic coating that acts as a thermal mirror, reflecting radiant heat back into your home during winter and reducing unwanted solar energy in the summer.

HIGH-PERFORMANCE SPACER SYSTEM

The spacer system in your patio door not only stabilizes the panes of glass, it also helps prevent the transfer of heat and cold. Sanctuary's Super Spacer® combines a structural foam spacer with a seal of hot butyl to create a "warm" low-conductive edge that helps reduce heat loss through the patio door. It's stronger and better at retaining insulating gas than many conventional spacer systems.

COMPARE THE ENERGY-SAVING GLASS TECHNOLOGY

BarrierXP insulated glass packages have proven to be far more effective than ordinary clear glass units. A simple way to compare one patio door to the next is to check out the performance data on the door's glass label. The lower the U-factor, the less energy you'll need to heat your home. The lower the Solar Heat Gain Coefficient (SHGC), the more you'll conserve on air-conditioning.

GREEN INSPIRATION

Gentek windows and patio doors are performance-engineered to help conserve energy and reduce the consumption of fossil fuels used for heating and cooling homes. Using less energy to heat and cool your home not only saves money, it can reduce your home's carbon footprint as well. High-quality products with a long lifespan can also help lessen your impact on the environment.

Protecting our natural resources and choosing more sustainable products are just a few ways we can help safeguard our planet. Together, we can encourage ecological well-being with everyday actions of environmental stewardship.

Winter Energy Savings:
Low-E insulating glass reduces heat loss by reflecting warmth back into your home.

Summer Energy Savings:
Low-E helps block unwanted solar heat penetration to help conserve air-conditioning use.

Gentek offers a variety of ENERGY STAR®-certified patio doors. Consult your Gentek Sales Representative for an energy-efficient glass package for your home and climate zone.

CONTEMPORARY-STYLE SLIDING PATIO DOOR

CLEAN-LINE DESIGN WITH 3" RAILS

Our Contemporary sliding patio door will adorn your home with the perfect measure of modern practicality. Sleek and symmetrical 3" rails frame the generous glass area, while a heavy-duty infrastructure delivers exceptional strength and durability.

BUILT WEATHER-TOUGH!

Take a closer look at Sanctuary's superior design and weathertight construction. This premium patio door will transform your interior with the beauty of natural sunlight while protecting your home from energy loss.

- 1 Premium vinyl mainframe and sash extrusions are colored throughout – won't chip, peel, crack or warp and never need to be painted.
- 2 Mainframe and sash feature a double-wall design and multichambered construction for outstanding strength and thermal protection.
- 3 Dual internal/external weatherstripping on the sash enhances energy efficiency and performance.
- 4 Symmetrical 3" sash rails with mitered and fusion-welded joints provide aesthetic appeal as well as added strength and durability.
- 5 1" thick (nominal) insulated glass unit with a Super Spacer® structural foam spacer system promotes energy conservation year-round.
- 6 Steel reinforcements at the interlocks and lock rails deliver increased strength, rigidity and structural integrity.
- 7 Contoured glazing bead adds visual interest and beauty.
- 8 Precision-engineered tandem roller system ensures quiet and easy operation of the door panel.
- 9 Mainframe joints incorporate closed-cell foam gaskets for superior sealing.

ADDITIONAL FEATURES

- Sturdy and durable knock down frame for convenient job site installation.
- Deep interlocks with a protective bulb weatherstrip deliver increased insulation and a tight seal.
- Mainframe includes interior and exterior accessory grooves for installation and design versatility.
- Multipoint locking system with strong steel bolt design seals the door tightly closed and helps prevent energy loss.
- Deep anodize finished aluminum roller track helps eliminate the possibility of unsightly dark residue and wearing typical of aluminum tracks while ensuring easy-glide operation.
- Heavy-duty extruded aluminum screen features four adjustable rollers for smooth gliding.
- Available in a 2-panel style in 5', 6', 8' and Wisconsin-style widths; 3-panel styles in 9' and 12' widths; and a 4-panel style in a 12' width with center panels that open to each side.
- Choose a left or right moving panel – left moving panel is standard (outside looking in); not field reversible.
- Backed by a Lifetime Limited Warranty.†

SLIDING PATIO DOOR OPTIONS

- ENERGY STAR-certified BarrierXP Plus insulated glass packages.
- Tandem rollers available with stainless steel housing and bearings for harsh environments.
- Interior ventilation foot lock allows convenient yet limited opening of the door for airflow.
- Integrated mini blinds¹ on select patio doors offer convenient sunlight and privacy control.
- Keyed exterior lock offers convenient access from outside the home.
- Decorative grids or V-grooved cut glass patterns for enhanced beauty.

¹For all door colors, the integrated mini blind will be white.

CLASSIC-STYLE SLIDING PATIO DOOR

TRADITIONAL BEAUTY WITH 5" RAILS

Warm and welcoming with a hint of stately charm perfectly describes our Classic sliding patio door. Ample 5" rails and a clean-line design effortlessly merge with a heavy-duty construction for the ideal combination of elegance and strength.

ENDURING BEAUTY AND SUPERB PERFORMANCE

The reliably smooth and quiet gliding of our Sanctuary patio door is a simple pleasure you're certain to enjoy year after year, along with the weathertight seal and energy-efficient features.

FRENCH-STYLE SLIDING PATIO DOOR

BEAUTIFULLY CRAFTED WITH
MORTISED JOINTS

Our French-style patio door has it all – authentic “French door” character and appeal, along with the floor space-saving functionality of a sliding door. Advanced design innovations and a high-performance glass system further distinguish this ultra-premium selection.

REFINED STYLE, IMPECCABLE QUALITY

There's something about French door elegance that garners special attention. With a 5" top rail, 7" bottom rail and 3" side rails, this superbly crafted door is certain to elevate the beauty of your home while also providing an excellent weather barrier.

- 1 Premium vinyl mainframe and sash extrusions are colored throughout – won't chip, peel, crack or warp and never need to be painted.
- 2 Mainframe and sash feature a double-wall design and multichambered construction for outstanding strength and thermal protection.
- 3 Dual internal/external weatherstripping on the sash enhances energy efficiency and performance.
- 4 5" top rail, 7" bottom rail and 3" side rails feature mortised joints for added strength and authentic "French door" charm.
- 5 1" thick (nominal) insulated glass unit with a Super Spacer® structural foam spacer system promotes energy conservation year-round.
- 6 Steel reinforcements at the interlocks and lock rails deliver increased strength, rigidity and structural integrity.
- 7 Contoured glazing bead adds visual interest and beauty.

DECORATIVE PATIO DOOR OPTIONS

Sanctuary becomes so much more than a patio door when you give it your personal touch. Choose from a variety of frame finishes, handle options, interior grids and decorative glass to create a custom appearance that beautifully reflects your own good taste.

In addition to White, Beige and Classic Clay, our curated color palette includes a beautifully resilient Black Exterior Laminate for the luxe look and feel of powder-coated aluminum, as well as nine Portfolio Color Collection hues featuring a polyurethane coating that's remarkably strong and fade-resistant. Interior woodgrain laminates are performance-engineered for outstanding durability that maintains its attractive appearance over the life of the product. Together, this innovative design collection delivers the perfect fusion of style and strength.

HANDLE STYLES

Whether it blends in or stands out, a beautifully crafted handle will further enhance the style of your Sanctuary sliding patio door. Classic and Contemporary door handles feature a popular thumb latch design. The French-style door handle is contoured and includes a top lock. Both handles are offered in seven interior finishes; exterior color choices are White, Beige, Classic Clay and Black.

CLASSIC AND CONTEMPORARY PATIO DOOR HANDLES

FRENCH-STYLE PATIO DOOR HANDLES

GRID OPTIONS

Grids are a simple yet stylish way to add personality to your sliding patio door. All grids are enclosed within the insulated glass unit for easy cleaning. First, select your preferred grid pattern and then choose a grid profile to achieve the desired finished look.

Grid Patterns

Decorative Grid Patterns:

Colonial – available in Flat and Contoured grids

Diamond – available in Flat grids

Prairie – available in Flat and Contoured grids

Grid Profiles

V-GROOVED CUT GLASS

V-grooved cut glass imparts the perfect touch of elegance without obstructing the view. Choose one of our timeless glass patterns to customize your sliding patio doors.

SIMULATED DIVIDED LITES

Featuring grids affixed to the interior and exterior of the patio door glass – and shadow bars between the panes – our Simulated Divided Lites beautifully replicate the handcrafted aesthetic of true divided lites.

Note: Shadow bars are not available with triple-pane glass packages.

CONFIGURATIONS

Sanctuary sliding patio doors are available in 2-, 3- and 4-panel configurations.

A LIFETIME OF PROTECTION

Gentek Sanctuary sliding patio doors carry a lifetime limited warranty – your assurance of lasting performance and genuine value. In addition, our Black Exterior Laminate and Portfolio Color Collection exterior finishes are backed by a 10-year limited warranty. For complete warranty information, including limitations, ask your dealer for a copy of the Gentek patio door warranty.†

WINDOW SOLUTIONS FOR EVERY PROJECT

If your home improvement plans include more than just patio doors, consider Gentek’s full selection of premium vinyl windows. Choose from single-hung, double-hung, sliding, casement, awning, bay and bow, garden, picture and special shape windows. Tested and certified to national industry standards, Gentek windows consistently earn high marks for superior quality and performance.
